MRS. CHARLES F. McNAMARA

Passing Away of a Sweet Christian Character

News of the death of Mrs. Charles F. McNamara, which occurred last night at the Good Samaritan Hospital, Cincinnati, was a painful blow to her family and wide circle of friends here. She was in her 38th year and is survived by a devoted husband and three boys and a little girl of tender years.

SOME BOOR.
He was a brilliant young recruit. He whanged the ball right on the snout. His arm was great, and bully good! His fielding was a treat to see.
He ran the bases like a hare, In practice games he was a bear.
On opening day they tried him out, He gave the ball a savage clout.
And then, to show his speed, the mule Stole second, with the bases full.

FOR PRESIDENT,

NEW KENTUCKY REPUBLICAN STATE CENTRAL COMMITTEE.

Should the Republican party break a precedent for Mr. Roosevelt which they refused General Grant?

A treaty with Japan has been negotiated, bringing about genuine friendship between her and the United States.

Do the people want President Taft for another term? Nine Republican Governors openly indorse him, and three more are known to be for him.

The party refused to nominate President Arthur, and gave it to that popular idol, the "Plumed Knight," James G. Blaine, who went down in defeat.

The Panama Canal has been brought to a approaching completion and the date of opening advanced by several months through systematic work.

The Postoffice Department has been placed upon a self-sustaining basis, and for the first time in twenty-five years shows substantial net revenue to its credit.

The difficult situation resulting from the revolution in Mexico, arousing deep feeling in the southern portions of the United States, was handled with diplomacy and tact.

A new policy as to river and harbor appropriations has been begun, the old "pork barrel" appropriation system abandoned, and the business policy of continuing contracts adopted.

It has been predicted that President Taft will withdraw within thirty days.—London (Ky.) Echo.

Mr. Taft has already "withdrawn" from going after the delegates—he has enough in sight now to cinch the nomination at Chicago. All we ask is that Teddy will take his medicine like a brave little man. That's the way we're going to take ours should the Lion hunter win at Chicago.

There seems to be method in Teddy's madness. He had no other means of remaining in the spotlight and he is now heading the Socialist-anarchist element and is fast bringing on class-hatred in the United States that bodes ill for all constitutional law. This accounts for his "popular victory" in Illinois, where Altgeld the anarchist Governor had a very brief political existence. Who ever imagined that Theodore Roosevelt would land in such company?

A WOMAN'S WISDOM.

The worried mother wakes up to hear her baby's heavy breathing—a little cough—perhaps the croup or whooping cough. She does not want to send for the doctor when perhaps the trouble does not amount to much. Finally she thinks of that medical book her father gave her, The Common Sense Medical Adviser, by R. V. Pierce, M. D. She says "just the thing to find out what is the matter with the little dear." Two million households in this country own one—and it's to be had for only 31c. in stamps—1,000 pages in splendid cloth binding. A good family adviser in any emergency. It is for either sex. This is what many women write Dr. Pierce—in respect to his "Favorite Prescription," a remedy which has made thousands of melancholy and miserable women cheerful and happy, by curing the painful womanly diseases which undermine a woman's health and strength.

"My desire is to write a few lines to let you know what your valuable medicine has done for me," writes Mrs. MARGARET ZUBERT, of 323 S. Benton Street, Baltimore, Md. "Before the doctor came to our house I was a very sick woman. I wrote you for advice which was kindly given and which made me a different woman in a short time. After taking the first bottle of 'Favorite Prescription' I began improving so that I hardly knew I was in such a condition. I did my own housework—washing and ironing, cooking, sewing, and the worst of all nursed three children who had whooping cough. I hardly knew of the advent ten minutes before the easy way to it. The baby is as fat as a butter-bail. Dr. Pierce's Favorite Prescription is the best medicine for any woman to take when in this condition. I recommend it to all my friends."

A Bureau of Mines has been created. Steps have been taken toward a new employer's liability and workmen's compensation act and the adoption of additional safety appliances on railroads.

But two ex-Presidents have sought to break the wise precedent set by Washington that two terms should be the limit. The people said "No" to the first aspirant. What will they say now.

The Treasury agents and customs employees have been re-organized, fraud has been weeded out of the customs service, and many thousands of dollars lost under fraudulent importations have been recovered.

On July 1st, 1909, the Taft administration faced a deficit of \$56,000,000. On July 1st, 1910, the deficit was wiped out, and a surplus of \$14,000,000 was created. On July 1st, 1911, the surplus had increased to \$47,000,000.

"President Taft administration, measured by all standards of accomplishment and fidelity to duty, entitles him to the indorsement of a second term, which I believe the inherent sense of fairness and justice of the American people will ungrudgingly give him."—Adolph O. Elberhart, Gov. of Minn.

"Confusion in business and in affairs generally was the legacy awaiting President Taft when he entered upon the duties of his office. Pledged by himself and his party to correct this condition, he undertook the most difficult task since Lincoln's time and has succeeded."—John K. Tener, Gov. of Pennsylvania.

Hon. Seth Low, a friend of Colonel close Roosevelt, in expressing his preference the otherday, said:

"I recognize that it is much easier to be progressive out of office, without responsibility, than to be progressive in office, with responsibility. Judged by any fair test of accomplishment, I think the administration of President Taft fully deserves to be called 'progressive.'"

At the end of the fiscal year, June 30th, 1910, the current expense of the Government amounted to \$662,000,000. On June 30th, 1911, the expenditures for the current year amounted to \$654,000,000, making a saving of \$8,000,000. The natural increase of governmental expenditures amounts to about four per cent. per year. The Taft administration has reversed the order of things and shows a decrease as before stated.

LIKE T. R.'S LOGIC.

At Boston, Mass., a remarkable case of precocity came to light when Willie Filders, 9 years old, was trying to run away from school during the morning recess and was brought back by the teacher.

"Willie," said the teacher sadly, "after you ran away Wednesday and Thursday of last week, what was it you promised me?"

"My position is perfectly simple," Willie replied. "I stated it as clearly as I could when I came back to school Friday. I said that under no circumstances would I run away from school another day—meaning, of course, another consecutive day. I could not have said less at the time nor could I have said more."

As Willie was about to continue his explanation by pointing out that there was no school Saturday, a swishing sound, as of a descending gad, interrupted him.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Maysville citizen:

Mrs. Dora Mefford, Maysville, Ky., says: "Doan's Kidney Pills did me a lot of good and I am glad to tell about it. I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them, and before long I was entirely better. I was able to sleep well and they improved my health."

PROMINENT PEOPLE

WILL TRY TO WIN BACK MOORS

Mme. Camille Dugast, the famous explorer, aviator and aeronaut, just now is trying to civilize the tribes of southern Morocco, bearing a special commission from the French minister of education.

While her task is a stupendous one and fraught with many dangers from poisonous insects and jungle plagues, and is forced to put up with many inconveniences, Mme. Dugast writes to a friend here that civilizing savages is mere child's play compared with the work of trying to ward off proposals from the marriageable tribe chiefs and even the sultan himself.

The sultan is one of Mme. Dugast's most consistent admirers and ever since she became interested in Morocco he has paid persistent court to her. First, he offered her the superintendency of his harem, which is the same as to say he wanted to make her his principal wife. Mme. Dugast very cleverly avoided offending her royal

sultan and at the same time firmly rejected the offer.

Then someone whispered to the disappointed sultan that Mme. Dugast was brought up in a more conventional manner, and that European women were not accustomed to sharing their affections with a hundred or more other wives.

Forthwith the sultan sought the handsome explorer and offered his hand and heart, together with his title, and promised that he would dismiss his harem and marry her in the more conventional way, a la European mode.

Mme. Dugast found it more difficult this time to refuse the proposal, but managed to do so without giving offense and jeopardizing her life-work among the tribes.

SECURES A STRENUOUS POST

Ambassador Henry Lane Wilson accepted the post in Mexico City two years ago because he had become weary of the inactivity at the Brussels legation, where the only diplomatic excitement was the wearisome controversy over the Belgian atrocities in the Congo. President Taft was anxious to have him accept one of the European posts, as fortunately he is rich enough to pay the bills for house rent and hospitality which these appointments demand, but he chose Mexico City just for the pleasure of downright hard work and hard fighting.

And he has certainly obtained it. It would be difficult to overestimate the difficulties of his position. The intrigues and cabals against him have been legion, and they have been especially strong and bitter among his own countrymen.

Before Mr. Wilson left the American legation in Brussels for his appointment at Mexico City he was besieged by representatives of different American interests in Mexico, who made overtures to bargain for his influence in pushing their enterprises. His mail brought frequent letters inclosing blocks of stock made out in his name, and when they were returned the promoters promptly sent them back, made out to Mrs. Wilson.

It was not until the ambassador had been in Mexico City several months that his vehement denunciation of these capitalists made them realize finally that he could not be induced to work for them except in a legitimate way. And since that time his path has certainly been a thorny way.

ROYAL ROMANCE IS BLIGHTED

On indisputable authority it is learned that Princess Victoria Luise of Prussia, only daughter of the Kaiser, is the unhappy heroine of a "true love" romance, which is now finding a sequel in the princess' "rest cure" with her father on the Mediterranean.

The princess, who will be 20 years old next September, fell deeply in love during the recent court season, according to reports current in society, with the hereditary Count Fugger, a lieutenant in the elite gendarmes corps at Potsdam and a descendant of an ancient Bavarian family, which was once the wealthiest in Europe.

The affection was mutual, but it was necessary to represent to the princess that marriage was impossible, not only on account of the difference in the lovers' rank, but also because the Fuggers are devout Roman Catholics.

The princess succumbed to a distressing attack of nervous prostration and was required, at the height of the court season, to abstain from further participation in it. It was announced at the time that she was suffering from an "affection of the throat."

As soon as the season ended the Kaiser and Kaiserin decided to send their daughter to St. Moritz with the crown prince and princess, in the hope that she would forget her troubles amid the joys of the Swiss winter sports. This "cure" was apparently not a complete success, because it was found desirable that the princess should not remain in Germany over the spring with the Kaiserin, as originally planned, but should instead sojourn on the Mediterranean and at Corfu with the Kaiser until the end of the season.

MIGUEL TO FIGHT FOR MANUEL

The proposed movement to restore King Manuel of Portugal to the throne from which he was deposed by his people will be one of the most formidable ever prepared against an existing government, according to the man who expects to lead it, Dom Miguel of Braganza.

The former pretender, who has entered into an offensive and defensive agreement with Manuel, discussed his plans freely the other day, only insisting that such portions as might be of benefit to the Portuguese government be withheld.

Dom Miguel prefaced his remarks by praising Americans he has met, paying especial compliment to Mrs. J. H. Smith, mother of his daughter-in-law and widow of the American speculator, "Silent" Smith.

He emphasized his belief that it is only a question of time when the Portuguese monarchy will be restored, citing recent outbreaks in various parts of that country to support his contention that the present republican government is unstable.

Neither property nor personal rights are respected at present, he alleged.

OUR

WEEKLY SPORT LETTER

BY C. H. ZUBER.

CINCINNATI, O., April 11th, 1912.

The world's championship for 1912 will not be decided by the games with which the National and American League's season will be inaugurated today. Many a player who will star in the opening bouts of today will not be fast company when the curtain rings down on the 154-game schedules in the fall.

In baseball, more than in any other line of sport one victory does not make a championship, and a one-day slugger is not necessarily a hot rival of Ty Cobb. So whatever the outcome of today's battles may be, they will afford no definite line upon which form opinions of the outcome of the championship races in the two big circuits. Some of the teams starting in the season today are not yet in shape to do their best—or their worst, as the case may be.

Several are suffering severe handicaps in the way of having valuable players injured, this being especially true of the Philadelphia Nationals, who will be minus the services of pitcher Chalmers and outfielder Magee for at least a month. So, no matter whatever the results of these first games may be, do not allow them to exert an influence in making that bet of a ten-cent cigar that the Boston Nationals will be the next world's champions, with the St. Louis Browns fighting them for the honor.

Visiting ball players, club owners and building experts declare that the new Cincinnati Ball Park is easily the most complete plant for the giving of sport exhibitions in the country. It will no longer be necessary for the Sunday visitors to suffer agony with these new shows, standing for hours watching the practice and the game, for there are seats for nearly 25,000 people provided in the new stands, and that is about as many as will come out to see any game during the regular season. Every seat, whether box or bleacher, has a perfect view of the entire diamond; and with a larger playing field than heretofore, Cincinnati fans will enjoy better sport than ever before. It is expected that both the Pirates, who play here on Sunday, April 14th, and the St. Louis Cardinals, who come on Sunday, April 21st, will come pretty near filling all the seats.

The racing game in Mexico has finally reached a stage where the next season will see a general clean-up in the line

of turf attractions at the Jurez track, which is located just across the river from El Paso. Despite the revolutions which kept things in a turmoil on the Northern border, the American promoters at Jurez earned a profit of \$50,000, with excellent prospects of increasing that amount considerably next year. A new hotel will be erected at El Paso to accommodate visitors, large stakes will be offered by the track management, with the expected results that the attendance will be larger and classier.

The stay of Jim Flynn, the most prominent of the "white hopes" during the present week, has developed nothing that would lead one to believe that the Colorado freeman would be wearing the world's championship title after his battle with Jack Johnson on the Fourth of July. Flynn looks like an ordinary fighter with much strength, but nothing of the athlete to make him an even money proposition in his coming scrap with the colored champion. It is not unlikely that Flynn will soon take the same course as that other "white hope" Carl Morris, who has returned to his locomotive down in Oklahoma, with the remark that "there's no use spolling a good engineer to make a poor fighter."

It is promised that practically every big racing stable in America will be represented at the spring meeting of the Latonia Jockey Club, which opens on Decoration Day, May 30th, and continues for a season of thirty days. This means that Cincinnatians will witness a higher class of racing this year than over before, a fact which will add greatly to the increased interest which has been manifested in the running game here during the past two years. The Latonia Derby, which is at a mile and a half, probably will be run on June 8th, with such famous starters as Worth, Sprito, Presumption, The Manager, Sonada and others.

Johnboat Capsizes and Youths Sink to Watery Grave

EAST LIVERPOOL, O., April 12th.—Four boys were drowned early today when a johnboat in which they were crossing the Ohio river from the West Virginia side upset twelve miles South of here. A fifth was saved.

Those drowned were Henry Brant, 20, Earl Brant, 18, Hugh Sprout, 18, Port Homer, O.; Clifford Howard, 17, Fairview, Pa. John Crossley, 19, of Port Homer, managed to cling to the boat as it went over and held on until rescue came.

The five youths last night crossed the Ohio to the West Virginia side to attend prayer meeting at Wesley Chapel, near New Cumberland. Afterward they escorted girl friends home, visiting with the latter until after midnight. They started to row back to the Ohio side about 1 a. m., and had not proceeded far when the accident occurred.

Our Colored Citizens.

The delegation of colored men of Maysville and Mason county that attended the big State Convention at Louisville was made up of the following: Judge James Griffey, Walter R. Scott and William Griffith, Rev. H. W. Bailey of this city and H. W. Paynter of Maysville and Thomas Davis of Tolleboro. They met Rev. R. F. Broadus at the convention, the latter now has charge of one of Louisville's largest M. E. Churches at a fine salary. The Maysville party was met at the depot by their colored friends and taken over Louisville's auto.

SICK DAUGHTER NOW WELL

Mrs. C. Cole Tells How Her Daughter Was Restored to Health by Lydia E. Pinkham's Compound.

Fitchville, Ohio.—"I take great pleasure in writing to thank you for what your medicine has done for my daughter. 'Before taking your medicine she was all run down, suffered from pains in her side, could not walk but a short distance at a time, and had severe pains in head and limbs. She came very near having nervous prostration. She had begun to cough a good deal and seemed melancholy by spells. She tried two doctors but got little help. 'I cannot find words to express my gratefulness for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. She feels and looks like another girl since taking it, and I shall always feel that I owe you a great debt. 'You can use this letter for the benefit of others if you wish, as I shall always recommend your medicines for female troubles.'—Mrs. C. COLE, Fitchville, Ohio.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.
Girls who are troubled with painful or irregular periods, headache, dizziness, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

The latest news from the bedside of Miss Jessie Eitel in Good Samaritan Hospital, Cincinnati, is that she is doing as well as could be expected.

Rev. J. M. Haymore, Pastor of the First Baptist Church, in this city, left this morning for Somerset where he will preach in the Baptist Church there. Rev. Huey exchanging pulpits with Rev. Haymore.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiences, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind. He says: "For more than 12 years I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodor's Black-Draught, I did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's 'Theodor's'.

RIVER NEWS.

The gage marks 27.9 and falling.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.
